No Profit On Hill Land?

"When you bought your property on Albany Hill, Mr. Rubin, were you allowed to develop it, according to its zoning, with no interference or objection from anyone?"

The question was asked of Herbert Rubin, long-time opponent of the Interstate General Development Corp.'s Albany Hill project, by Councilman Hubert ... after Rubin made yet another appearance before the Council, during the "good of the City" session of the January 2 Council meeting. He, of course, answered in the affirmative.

At this time the real development opponent appeared to suggest that the owners of the property (to be designated as "open space") should be "reimbursed" only to the extent of their investment, with little or no profit, because of the high public purpose involved.

Rubin also indicated that, "If such owners insist on profit taking in this case, I urge that such profit be made a minimum." He also suggested that experts might be needed to determine a fair price under certain circumstances.

In conclusion, Rubin stated: "The right to make a profit off the land is not one of the inalienable rights with which we are endowed by our Creator and nowhere in American law nor in our system will one find it to be stated otherwise."

Reception For Albany Teacher

A reception honoring Mrs. Marjorie Byers will be held Tuesday, Jan. 23, from 4 to 6 p.m., in the Kindergarten Room at MacGregor School. Mrs. Byers is retiring after 28 years of teaching in the Albany Schools.

She began teaching in Codornices Village in 1942, and moved to MacGregor School in 1949, where she has taught third grade ever since. She is retiring at the end of the semester.

All friends and former pupils of Mrs. Byers are invited to the reception to honor her for many years of devoted service to the children and people of Albany.

Weather Report

Believe it or not, George Bernard, Albany's "weatherman" says he's positive "it's going to rain!"

According to good old George, our winter rain has really just begun, and we will probably have three more months of this wet, wet atmosphere.

We had two inches of rain in a 24 hour period on Monday and Tuesday of this week, bringing our total, to date, to 20.69. Last year at this time we had only 7.40.

However, there is just a bare possibility that we may see the sun for a time this week. So keep your eyes open — you may miss it!

Bernice Boyd Retirement Dinner Set For Jan. 17

A retirement dinner for well-known Albany businesswoman, Bernice Boyd, will be held Wednesday, Jan. 17, at the Cerito City Club, 1600 Kearney St., El Cerrito.

Cocktail hour will begin at 7 p.m., followed by a prime rib dinner at 8. Cost will be \$7.50 per person, including tax, tip and gift. All Bernice's friends are invited to attend.

Bernice has been with Security Savings & Loan for 26 years, serving as Manager of the Albany branch for 19 years.

Her banking career actually started while she was still in high school, when her father came home from a bank director's meeting and said: "Sister, no statements have been mailed to the customers in months. Will you stop in after school and help out with them?"

She began working in the bank after school, on Saturdays and during summer vacation, until she started a full-time job with the First National Bank, Greater Atlanta, Georgia, and continued until World War II.

Council Acts on Recommendations, Adjourns in Memory of Ballplayer

Action on six communications and a public hearing, took up most of the 25 minutes of Monday night's Albany City Council meeting.

A letter from Chief of Police, Ralph Jensen, setting the date of August 3 for his retirement, "unless some unforeseen circumstance arises," was filed as "informative."

Another communication from Catherine Webb and Friends of Albany Hill, listing eight items the Council should take under consideration in regards to the Interstate General Development project on the Hill, was also filed.

Correspondence received from James Turner, administrative officer, which was acted upon included: a request to auction off

two surplus and obsolete printing machines no longer used by the City, plus the 1926 Seagrave Fire Dept. pumper, which has been inoperative for several years.

Council members approved the auctioning of the printing machines during the next bicycle auction, and authorized the advertising of bids for the pumper, setting the date of March 15 for opening of said bids.

Another communication from Turner advised the Council that the Federal Government had finally granted the City the funds to replace money used to purchase additional Linear Park property from BART three years ago.

The check, in the amount of \$23,030 is now in a suspense account and will be transferred to the general fund along with other mid-year transfers.

Council members also approved the Administrative Officer's recommendation for installation of yield signs on Buchanan Street, just west of Madison, in order to clear up the order and priority of vehicles in the confusing merge situation which now exists there.

The Council authorized City Attorney Larry Saler, to prepare a resolution designating the merge intersection on Buchanan with the Marin-Buchanan connection as a "yield intersection," which will now require those traveling westbound on Buchanan to yield to traffic coming off the Marin connection.

The recommendation of Police Chief Jensen, concerning the appointment of George Clouse as probationary patrolman, effective January 14, was adopted. Patrolman Clouse will take up the "slack" left by the recent retirement of Sergeant James McLeod.

Under the "good of the City," Albany resident Berle Hartman read a 2-page letter to the Council questioning the donation of land on top of the Hill by Interstate General Development Corp., and their offer of \$600,000 to purchase additional land for an "overlook park."

Mrs. Hartman urged the Council to refrain from purchasing any land on the Hill until the possibility of matching federal or state funds for open space could be explored.

Councilman Lewis Howell, in answering Mrs. Hartman, noted: "It's time we stopped kidding the people of Albany about funds for open space. We had our answer from HUD last week concerning the possibility of securing funds."

"We have held countless public hearings concerning every phase and every question of open space in Albany. In my opinion, the real question is — just how much open space can Albany afford?"

At the request of Dario Meniketti, the meeting was adjourned with one minute of silence in memory of Roberto Clemente, who, according to Meniketti, was "a super star who struck out with great honor, dying while on a mission of mercy."

Agenda Short At First 1973 Council Meeting

The first Albany City Council meeting of the New Year adjourned in less than one hour, as Council members dispensed with City business and heard citizens under "the good of the City," and moved for adjournment at 8:41 p.m., Tuesday, Jan. 2.

A public hearing to act upon the application of Florenzo Van Hook for a variance at 1112 Stannage Ave. to construct a garage, was continued for one week, due to the illness of the applicant.

Four resolutions were introduced and adopted, including the appointment of Michael J. Blackwell to the permanent rank of Hoseman in the Fire Dept.; the appointment of Peter Turturice to the Park and Recreation Commission; and two resolutions to accept easements for sewer line purposes — one from Bernice and George Vila and the other from Manuel Rose.

Communications received included a letter from the Secretary of the Board of Trustees of Peralta Colleges, concerning revenue sharing, which was filed as informative; and one from Chief of Police Ralph Jensen, indicating he had no objection to the granting of an "one sale general eating place" liquor license to Hillside Catering, located at 1100 Eastshore Highway.

A letter from the Dept. of Housing and Urban Development, concerning the City's application for funds to purchase a portion of property in the Terrace-Tevlin area of Terrace Tract for open space, was also received and read.

In the letter, James H. Price, area director for HUD, informed

the City that they were returning the application as Albany did not qualify for funds under the Open Space Grant program. Price suggested that Albany "look to other sources for its funding."

Under the "good of the City," Catherine Webb suggested the Council explore the possibility of a "special zoning" ordinance, which would allow small apartments to be made in older homes, thus offering those snowed-under by rising property taxes to secure extra money.

Mrs. Webb indicated this would not essentially change the "home character" of the area, but would eliminate the necessity for any new apartment construction in Albany.

Several Councilmen, questioned on this proposal following the meeting, said they felt Albany would suffer from this sort of zoning, and they did not believe the residents in general would approve it.

"Bootleg apartments would cause nothing but chaos for our City," remarked Councilman Lewis Howell. "We are still suffering from this type of thing which we allowed during the housing shortage of World War II."

Councilman Call indicated, in his opinion, there is a place for apartments and a place for single family residences, but putting multi-family units in single family dwellings could easily encourage co-op type rentals.

"This could be disastrous to our City, and is just what we are trying to eliminate," Call said. "We are trying to upgrade our City, not downgrade it."

Conversation

... an entirely new idea!

We think that many of you, from all walks of life, would occasionally like to be able to go somewhere and talk about anything on your mind, to another person. ...

We think that your conversation should be confidential, and that the person you talk to should be warm, intelligent, and straightforward; with no other involvement with you, or obligation to you (it's sometimes difficult to speak your mind with neighbors, relatives, fellow employees, etc.). ...

We think that conversation flourishes, and can be most enjoyable, over a good cup of coffee or tea, in the warm, informal atmosphere of a comfortable private booth. ...

... So we're going to provide all of this; a nice person to talk to, a comfortable place to be, and as much fine coffee or tea as you'd like, for a fee based on the length of time of the conversation. We hope that we can serve you!

... a nice place to talk!

Land Tax Class At Albany High

Land value taxation is free? Well, not really, but that's the subject of a free class to be offered in Albany.

As a public service, the Henry George School is offering a series of classes and discussions at Albany High School, to begin Wednesday, Jan. 17, at 7:30 p.m. in Room 1A.

"The burden of the property tax for the middle-class homeowner has reached an almost rebellion stage," says a spokesman for the school of social and economic sciences. "It has made many realize the short-comings of the present system: high land values, land speculation, penalties in the form of higher taxes for improving your property, degrading cities, and urban sprawl."

The search for an alternative has "every politician promising reform," says the spokesman, and the result has not been genuine reform, but "a further shift in the tax burden to the detriment of the middle class taxpayer."

Land value taxation is nothing new—but the upcoming class is. For further information call 362-7944.

Is there a pre-schooler in your family, who was at least two years and nine months old in September, 1972? If so, you may be interested in becoming associated with the Albany Nursery School. For more information, please call 526-6441.

The March of Dimes Mothers March is trying hard not to be a "one-time" thing and so men are welcome to give the girls a hand, according to Doris Chambers and Mrs. Thomsen, Albany co-chairmen for the event, which will be held Tuesday, Jan. 30.

Husbands, sons, and any other males are welcome, says Mrs. Chambers. "The March on Birth Defects needs everyone." Anybody interested in helping should contact Mrs. Thomsen, 524-1158. Evenings are the best time to get busy girls at home.

There were no tears at the wedding of Terry Culley, 21, and Sandy, 20, on Jan. 17. The reason was when brother Pat offered to give Terry's shoes for the occasion, he taped "Help Me" on the soles, and when Terry knelt down for the church ceremony everyone present "got the message." According to Terry's mother, Mary, that was one of the happiest weddings she ever attended, and the groom's mother wasn't usually afraid that.

* * *

Lieutenant-Colonel Donald S. and his wife, Sandy, and sons, Greg and Greg, divided their recent holiday vacation between the parents, the Don Pihls of Albany, and her parents, the Alex Pihls of San Francisco.

Don, now stationed in the Pentagon as aide to the Secretary of the Army, has received orders to report for duty in Germany later this year. No "take-off" date has been set, as yet, but they expect to leave the U.S. sometime in June. He must report for duty in Germany no later than August.

The couple now make their home in Lanham, Maryland, where Sandy is a fifth grade teacher.

Students Dedicate Tree
In Memory of Classmate

"Last year there was a boy in our kindergarten class named David Baker. He was a very nice little boy, and we all liked him very much. We were very sad when we came back to school to learn that David had accidentally drowned during the summer."

"I thus began a letter, written by Mrs. Meriel Harpham and Penny O'Neil, MacGregor School kindergarten teachers, which was received by every student in the five elementary schools in Albany.

TOPS King To
Speak Locally

He hated his 61½ extra pounds so he joined TOPS and lost them!

Wayne M. Johnson of Concord will share his weight losing program with TOPS 539 of Berkeley at their regular weekly meeting, at 10:30 a.m., Monday, Jan. 15, in the upstairs meeting room at the Co-P, Shattuck and Cedar Sts., Berkeley.

By losing the most pounds (to reach his normal weight) than any man in TOPS clubs in the state, Wayne Johnson was crowned 1971 TOPS King of California.

The King has since retained his normal weight, and although he says it hasn't been easy, it can be done. He will tell how he has succeeded with the help of his club, at Monday's meeting.

Although the local TOPS Club has more women members than men, men are encouraged to join and benefit. All persons interested in losing weight are invited to attend this meeting.

'Y' Offers Weight
Reducing Classes

Want to lose those extra pounds gained over the holidays? Tired of Yo-Yo syndrome? Losing weight for a week or a month, and then gradually eating it all back?

The Berkeley YMCA is offering a series of six workshops on basic nutrition and weight reduction, on Wednesdays, from 10 to 11:30 a.m., starting January 17 and ending February 21, at the Berkeley YMCA Figure Salon, on Allston Way.

Fee is \$8.00 for the series or \$1.75 per session, and babysitting will be available at a nominal charge.

For further information call 848-6800, extension 13.

The letter was to inform the students that plans were being made to purchase a planter box for the MacGregor School patio, and that a tree would be planted in it in memory of little David.

The school children all brought their pennies, nickels and dimes to help with the expense, and early in December a bottle brush tree, donated by Flowerland in Albany, was planted by three of David's school friends, Catherine Mayers, Carlile Ellis and Kenny Perkins, aided by Mrs. Harpham and David's mother, Mrs. John Baker of El Cerrito.

Note of Thanks

The family of Jessie Holmes wish to thank all their many friends, friends of the First Baptist Church of Albany, and neighbors, for their food, love gifts, flowers and many acts of kindness in their recent loss of a beloved sister.

CLIFFORD LLOYD FAMILY
HARRY NASH FAMILY
REYNOLDS FAMILY

As David would have been a member of the graduating class of 1984, a bronze plaque will read: "In memory of David Baker, class of 1984."

School principal, Mrs. Dorothy Irwin, officiated at the dedication and introduced the adults present, including David's mother and his grandmother, Mrs. George Hildebrand of Albany.

Mrs. Harpham reminisced with the students about classroom events David had participated in, and about his willingness to always share. A special event which will be long remembered was when David brought an ice chest of snow from the mountains in the winter of 1971. This was the first time many of his classmates had ever seen snow, and was a very exciting time for them.

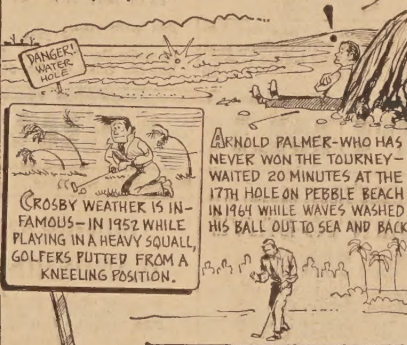

The dedication program was concluded with Mrs. Harpham leading the children in the recitation of the poem "Trees," by Harry Behn.

David Baker was the only child to die while attending MacGregor School in the last 23 years, according to Mrs. Harpham, who has been teaching at the school during that period.

Live Oak Acorns Welcome
Physically Handicapped

The Live Oak Acorns is a group of physically handicapped adults, who have met regularly since March, 1936. They meet each Thursday, from 10 a.m. to 2:30 p.m., at the Live Oak Park Recreation Center, Shattuck Ave. and Berryman St. in Berkeley.

Members are transported to and from the meetings by Berkeley and Alameda Red Cross station wagons, City Car, and Volunteer Bureau buses. Some members are brought by relatives, friends or other volunteers.

The group was organized to assist the physically handicapped of the community in making new friends, in developing a sense of participation, in finding additional ways of using their leisure time, and in experiencing within their own abilities the recreational satisfactions available to all persons.

The program is administered by the Recreation and Parks Department and the Berkeley Committee on Recreation for the Adult Physically Handicapped.

The Department provides facilities for the program and three staff persons: a driver of the city wagon, a program director, and a supervisor who works with the program director and committee. The committee's duties include the securing of volunteers and handicapped participants, and the

soliciting of funds from service organizations and interested individuals.

Activities are structured to the interests and abilities of the participating members and include: arts & crafts, bridge and other games, creative writing, discussion groups, language lessons, book reviews, guest speakers, travelogue movies, musical entertainment, and much more. The group also participates in excursions to many places of interest in the Bay Area, and also holds picnics in nearby regional parks.

Physically handicapped adults, 18 years of age or older, who have been admitted to the group by referral and application are qualified to participate in the program. Most referrals come from hospitals and agencies serving the handicapped.

Those interested in securing further information should contact the Berkeley Recreation & Parks Dept., 1835 Allston Way, Berkeley; or the Committee on Recreation for Adult Physically Handicapped, 579 Vicente Ave., Berkeley.

ALBANY POST 292
presents
THE VETERAN'S CORNER
by Chas. Lindh

The principal objective of The American Legion National Security Program is to make our nation, its ideals and its people secure from attack, by providing adequate defense. The American Legion National Security Commission made suggestions to the Defense Committees of both house of Congress. No action was taken. It is true that the National Defense Act of 1920 was passed, but no funds were appropriated, nor did the Act provide for manpower in the enlisted reserve. The Navy

With the outbreak of WWII there was an urgent need for haste to properly equip our armed forces. It became apparent that the program of The American Legion was sound. Over the years The American Legion consistently advocated the very things which were found to be so neglected and so badly needed in 1941 and again in 1950.

Within the broad framework of our international policy we have learned that strength makes the deepest impression on those who control the destinies of the international communist conspiracy. It is now more apparent than ever that the communist leaders shall continue this pressure and exploit any sign of weakness.

Of equal grave moment to our security is the prevalence of unrest, organized lawless demonstration and riots in various cities in our nation. While the rights of peaceable assembly, protest and dissent must always be preserved, the exercise of these rights carry with them the obligation not to infringe upon, impair or destroy the life and property of other members of our society.

Respect for law and order are not mere catchwords. The preservation of law and order is vital to our nation.

Aliens Must Register Now

The law requires all aliens in the United States, with few exceptions, to report their addresses each January. Throughout the United States, almost 40 percent more applications for naturalization are received during January, February, and March than other months.

Aliens not required to make this report are diplomats and those persons accredited to certain international organizations.

Forms for making this report are available to aliens at all Post Offices, as well as offices of the Immigration and Naturalization Service, during the month of January.

All aliens desiring information concerning naturalization or similar related matters, should obtain the forms at an office of the Immigration and Naturalization Service, where personnel trained in these fields are available to answer inquiries.

Those in this area should contact the office at 630 Sansome St., San Francisco.

Nostalgia Night Benefit Planned

Alameda County Easter Seal Society president and wife, Mr. and Mrs. Merritt Smalley, will host a large preview cocktail party, Friday, Jan. 12, to announce plans for a 40's themed benefit black-tie ball, to be held at the Oakland Hilton Inn on February 8.

The date was chosen to coincide with the annual Easter Seal Society's fund drive and the 25th anniversary of Trans International Airlines, where the Society's president serves as senior vice-president.

The airline is underwriting a major portion of the ball expenses to increase the benefit proceeds, which will be used for therapy programs at the local Easter Seal Rehabilitation Center.

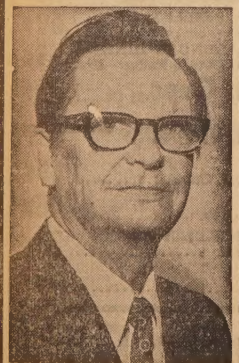

Music for the ball will be provided by Walt Tolleson's orchestra, and will have a nostalgic look back at the 40's during the program portion of the evening, according to Mr. and Mrs. Sherman Welpton, II, co-chairmen for the event.

Law Secretaries Training Course

Alameda County Legal Secretaries Association will sponsor an 8-week evening training program for beginners who have basic stenographic skills, and who are interested in exploring the legal

Garden Club Meets Jan. 16

According to an established custom, the Berkeley Garden Club usually has a few programs during each year, in which advantage is taken of the talents and experiences of some of the Club's own members. Mrs. Allan J. Humphrey, program chairman, announces that the January 16 meeting of the club is to be such an occasion.

The speaker, Mrs. Erwin Strohmaler, is a past president of the club, and is currently serving as Conservation Chairman. She is also Chairman of Arboreta and Botanical Gardens of California Garden Clubs, Inc. Her topic will be, "Pines and Their Relatives, How to Recognize Them and Their Influence Upon the Environment." Mrs. Strohmaler's university training was in the field of Botany. She has had a life long interest in Ecology and Conservation and has been an active member of many groups and organizations dedicated to these objectives.

The meeting will start promptly at one o'clock in the Brazilian Room in Tilden Park with Mrs. C. Edward Pedersen, president, presiding.

Mrs. A. J. Dix and Mrs. R. L. Slusser will supply the flower arrangements for the day.

Local Club's 'Big E' Award

The Albany-El Cerrito Exchange Club recently hosted a dinner at Jack London Square, to honor their visiting national president, William Miller of Ohio.

Miller, in turn, presented the local club with a "Big E" award. This was the third such award received by the Albany-El Cerrito Exchange Club, and was received by Lloyd Cornelius, 1971-72 president for the group.

Only 150 awards are given annually among some 3,000 clubs throughout the United States, and are given to the clubs which most closely follow the prescribed program activities and thus earn points toward the award.

The Albany-El Cerrito club also received a "Big E" award in 1969 and 1971.

Ron Peachee, 1972-73 club president was presented with a token gift—a banner with the inspirational motto: "Build Up—Beach Out."

Present at the affair were: Exchange Club district president, Cal Trumbull; Area 23 governor, Bob Rhea; and California district director for Division I, Brom Hunt.

secretarial profession.

The course, which will begin on Tuesday, Feb. 6, from 7 to 9 p.m., at Eagles East Oakland Hall, 1228 36th Ave. and East 12th St. (near the BART station in Oakland), is open to any person who is interested, but especially to those recently employed in a law office and who are in need of basic procedural instruction. High school seniors looking forward to graduation in June, as well as college students studying in this area, are also welcome.

The fee for the course is \$12.50 and includes all study materials and supplies which will be needed.

Those interested in registering should contact Beverly McCall at 532-5963 days, or 653-8387 evenings.

An examination will be given at the end of the course, and a certificate of completion issued to each student who successfully completes the course. Many attorneys recognize this certificate as a reference for a position as a trainee in their law offices.

Water Safety Instructions

A training course for Water Safety instructors, will begin at Albany Pool on Monday, Jan. 29, and will be given on Monday and Wednesday evenings, from 8 to 10 p.m.

Part I will be offered in this Winter Quarter of Albany Adult Education classes and will train, condition and prepare a group of candidates for training as teachers for Red Cross water safety classes.

Men and women eligible to enroll for Part I include: instructors whose appointments have lapsed through inactivity, or persons who hold current Red Cross senior life saving certificates and who are at least 17 years of age.

Lessons to be covered will be divided into four sections: General Knowledge, Small Craft Safety, Swimming, and Life Saving. Motion pictures will be shown as part of the class instruction.

There will be no minimum time requirements for the course. The average student should be able to complete the requirements of Part I in 12 to 15 hours.

Those planning to take the course may sign up at their first class on January 29.

For further information call 526-6441 or 526-7386.

Food Is for Seeing

As every good hostess knows, many ingredients go into a successful dinner party. The food is just the beginning. But when your guests are enjoying themselves, all the work is worth it.

I once went to a dinner party where the hostess served a delicious duckling à l'orange, but the evening was a flop. Why? She tried too hard to create a dinner party. The room was lit by candlelight. Lovely, but I couldn't see two feet in front of me. If I ever meet the other guests on the street, I'll never recognize them. And I still don't know what the vegetables were. (They were at the other end of the table. Who could see them?)

Then, of course, there's the other extreme. It's hard to make witty conversation when you're sitting under a searchlight. When someone asked my husband a question, he almost answered name, rank and serial number — the "third degree" lighting served by the hostess was that strong. Unless you're afraid the guests will steal the silverware, subtle lighting is the solution.

Now, I'll leave the menu planning to you. But here are a few ideas to make the atmosphere as memorable as dinner:

❑ To retain the candlestick flavor of a chandelier, the small flame-like bulbs of GTE-Sylvania's Decor-Lites are an elegant way to illuminate without blinding.

❑ For festively lighting a dining table, use adjustable shutter pin-point spots in conjunction with your chandelier. These recessed "spots" have a 1-2 1/2 inch opening with shutters that confine the light to just the place you want them. (Perfect for putting a glow on fine china and crystal.)

❑ Dimmers add drama to dining. You can adjust the amount of light from main course visibility, or a restful cup of coffee.

❑ Don't light the table and leave the rest of the room in darkness. Recessed lighting from valances, cornices, wall brackets or portable lamps should also be used.

If you don't want it, sell it with a Times classified ad.

Church News

Berkeley-Albany Church Women United will inaugurate its New Year's program with a meeting at McGee Avenue Baptist Church, 1640 Stuart St., Friday, Jan. 12, from 10 a.m. to 1 p.m.

Featured speaker will be Dr. Rosalie J. Lawson, president of the Contra Costa County Church Women United.

There will be an installation of officers and a light luncheon will be served.

Mrs. Herman Kregel, president, will preside.

The ordination of Elders and Deacons will take place during the regular 10:30 a.m. worship service this Sunday at Northminster Presbyterian Church, 545 Ashbury Ave., El Cerrito.

Infant care is provided, and Church School classes for children ages three through 11 are held in Makemie Hall. Children spend the first 15 minutes of the Worship Service with their parents and then adjourn to their classes with their teachers.

As a part of the "Key '73" emphasis, the evening messages this month will focus on the subject of evangelism at Albany's Episcopal Church. This Sunday the message "The Resurrection" will be presented at 7:00 p.m. service by Pastor Larry R. Campbell. John Waus won't play a special melody on the organ and the Youth Choir will bring a special number.

At the 11 a.m. service the message will be "God Made Us." The special music for this service will be presented by the Senior Choir. Nursery care is provided for preschool children.

On Wednesday evening the congregation is invited to a time of prayer and sharing in small groups during the Mid-Week Prayer Meeting starting at 7:30 p.m.

The Berkeley High School Gospel Choir will present a musical program Sunday evening, Jan. 14, at 6 p.m. in the Gracepoint Baptist Church, 1221 Marin Ave., Albany.

DMV Deadline Still Feb. 1

Albany residents are being reminded that the February 1 deadline for vehicle registration will remain the same, even though the Department of Motor Vehicles in Sacramento was the scene of a fire last month.

"We managed to save most of our records," Bob Cozens, DMV director said, "and therefore, we will continue to conduct our activities in an almost routine manner."

The fire did cause the DMV a little trouble, however, and the Director suggests that motorists rely on the 150 field offices scattered throughout the state.

The 1973 vehicle registration forms, mailed to California's 14 million vehicle owners in late November, include the address of the appropriate field office.

"Some owners and drivers may be temporarily inconvenienced, because of this fire, but we ask them to bear with us for the necessary time for the DMV to get back into full operation."

Pool Opening Rescheduled

Albany Pool's scheduled reopening of Jan. 8, has been postponed until the end of the month, because needed major repairs will not be completed until then. All classes, including Adult Education classes, will be rescheduled at that time.

The Water Safety Instruction Course, Part I, has been rescheduled to begin Monday, Jan. 29, and will be given on Monday and Wednesday evenings from 8 to 10 p.m.

For further information call 526-6441 or 526-7386.

Turf Club Wine Tasting

The Turf Club, at Albany's Golden Gate Fields, will be the setting for "Wines on Parade," the 8th annual wine and cheese tasting party, sponsored by the Parents-Teacher group of St. Joseph's Catholic School.

Time and date for the event is 6 to 8 p.m., Saturday, Jan. 20. Wines from wineries in three different areas of California will be offered, including Christian Brothers of the Napa-Sonoma Valley, Brookside Wines of Sacramento, and San Martin Wines from the Gilroy area.

Dozens of prizes will be awarded during the evening, according to Mrs. Francis K. Morse, prize chairman, and arts and crafts of local artists will also be on display.

The wine tasting event is the Group's one big fund raising affair of the year, with all proceeds going to support the school, according to general chairman, Mrs. Lawrence Holman.

Tickets may be obtained by calling Mrs. David Herrenbruck, 653-2818.

Speaking Contest Winners Named

Two local high school seniors placed second and third in the annual Voice of Democracy public speaking contest, sponsored by the 14th District Veterans of Foreign Wars Post and Auxiliary.

Margaret Russell from El Cerrito High placed second, and Bob Nichols, a student at Albany High, placed third.

Theme for the contest was: "My Responsibility to Freedom." First place winner was Pamela Arbuckle, a senior at Holy Names High School in Oakland.

HERE'S WHAT DISCOUNT WITH A DIFFERENCE MEANS

Our Discount with a Difference program offers money-saving prices on the wide variety of high quality meats, produce and other foods which helped to build Safeway's reputation.

When we converted to discount, we made sweeping changes in operating methods. These changes, which included new pricing methods and the elimination of unnecessary merchandising expenses, reduced our cost of doing business. Our savings were immediately reflected in substantial price reductions. We introduced our every day low level prices which helped to make the discount program so popular and effective. With low prices in effect all week long, there was no longer need to postpone shopping until the week end. Low level prices gave our customers added incentive to buy from us all of their food needs. With shopping spread more uniformly throughout the week and throughout the store, our whole business became more efficient. We streamlined ordering, stocking and price marking. We increased checkstand efficiency and lessened the possibility of errors at check out.

Savings in our costs of doing business continue to be reflected in the prices of things we sell. Shop Safeway for the finest foods and a low total food bill. That's Discount with a Difference.
